The Consortium
Improving student health together

Our Vision

All students have the health services they need to be successful in school and life.

Our Mission

The Consortium partners with school districts to ensure the successful implementation of the Medicaid School Health Services Program.

The Consortium is Seeking New Board Members

Our Board of Directors is comprised of community members, parents, and representatives of school districts/BOCES. The Consortium is looking for members with finance, health, education, business, and legal expertise.

Organization Background

The Consortium is a nonprofit organization, created in 1997, with the explicit goal of improving student health across the state by helping Colorado school districts and Boards of Cooperative Educational Services (BOCES) get the most out of the School Health Services (SHS) Program.

- The Consortium provides training, tools, and information relevant to program administration and compliance for the SHS Program.
- Membership with The Consortium gives districts and BOCES access to expert advice, technical support and operational best practices
- The Consortium advocates for school health services at national, state, and local levels; helping children receive the healthcare necessary to improve and enhance academic outcomes.

Board Member Expectations

- Attend four quarterly board meetings (option for virtual or in-person) and serve on at least one committee (virtual) - time commitment is approximately 5 hours per quarter
- Attend annual single-day Board Retreat (in-person)
- Serve at least one three-year term - may be eligible for re-appointment to additional terms

Board Responsibilities

- Determine The Consortium's mission and purpose
- Provide proper financial oversight
- Ensure The Consortium has adequate resources
- Ensure legal and ethical integrity of The Consortium
- Ensure effective organization planning and program development
- Recruit Consortium Board Members and assess board performance
- Select and evaluate the Chief Executive Officer CEO/Executive Director
- Enhance The Consortium's public standing
